Elements 10 offers much of Photoshop's power without the huge price tag. It's a great tool for most image-editing buffs—whether you're a photographer, scrapbooker, or aspiring graphic artist. But Elements still doesn't come with a useful manual. This bestselling book helps you get the most out of the program, from the basics to advanced tips for both Windows and Mac users. The important stuff you need to know: Quickly learn your way around. Customize Elements to suit your working style. Get to work right away. Import, organize, and make quick image fixes with ease. Retouch any image. Learn how to repair and restore old and damaged photos. Add pizzazz. Give images more zip with dozens of filters, layer styles, and special effects. Design with words. Make text flow along a curved path or around an object or shape. Find your creative flair. Create scrapbooks, greeting cards, photo books, and more. Try out advanced techniques. Work with layers, blend modes, and other tools.

Photoshop Elements 7 includes lots of new tools for sprucing up your photos, like the Scene Cleaner that lets you get rid of unwanted elements and the Smart Brush that makes touch-ups a breeze. But the one thing you won't find in Elements is reader-friendly guidance on how to get the most out of this powerful program. Enter Photoshop Elements 7: The Missing Manual, ready to explain not only how the tools and commands work, but when to use them. With this bestselling book (now in its 5th edition), you'll learn everything from the basics of loading photos into Elements to the new online photo-sharing and storage service that Adobe's offering (for free!) at Photoshop.com. There's so much to Elements 7 that knowing what to do -- and when to do it -- is tricky. That's why this book carefully explains all the tools and options by putting each one into a clear, easy-to-understand context. Learn to import, organize, and fix photos quickly and easily Repair and restore old and damaged photos, and retouch any image Jazz up your pictures with dozens of filters, frames, and special effects Learn which tools the pros use -- you'll finally understand how layers work! Create collages and photo layout pages for scrapbooks and other projects Fix your photos online and synch the changes to your own photo library As always, author Barbara Brundage lets you know which features work well, which don't, and why -- all with a bit of wit and good humor. Dive into Adobe's outstanding photo editor and find out why this Missing Manual is the bestselling book on the topic.
