American environmentalism:
philosophy, history, and public ...

The first one looks at the
philosophical foundations of
environmentalism, from its
beginnings in the conception of
rights, neoclassical economics,
and environmental ethics.

Martinez then continues to sketch
an overview of specifically
American environmentalism, from
its roots in Lockean traditions to
its full expression in Thoreau,
Audubon, and Muir.

environment, grassroots democracy, social justice, and nonviolence. However, for a small number of environmental groups and individual activists who engaged in ecoterrorism, violence was viewed as a justified response to what they considered the violent treatment of nature by some interests, particularly the logging and mining industries.
