BEYOND THE MOON is a spellbinding romance with fascinating paranormal elements. The mother of Verity Van Velde told her to never have faith in any man Characters from other books In the Company of Vampires series are featured in this enthralling story, and I was very glad these individuals are not going through the terrible problems that the current hero and heroine have to face.

Beyond the Moon is a TV movie edited together from several episodes of Rocky Jones, Space Ranger. It seems to be very early episodes from the series as a lot of the characters seem to be being introduced for the first time. I've now seen several of these Rocky Jones space adventures and I can't say I've liked any of them.
