copyrighted works for library users, through the performance of audiovisual works, to the digitization and display of protected works on library websites. This book presents updated versions of the author's copyright columns published in *Against the Grain*, the leading journal in acquisitions librarianship since the late 1990s. The volume is presented in question-and-answer format. The questions are real, submitted by librarians, educators, and other information professionals who have attended the author's copyright law workshops and presentations or submitted them to her by e-mail or telephone. The author has selected the questions and answers that have general applicability. She has then arranged them into logical chapters, each prefaced by a short introduction to the topic. Because it is written in an accessible and clear style, readers may want to review the entire work or they can just access particular chapters or even specific questions as they need them. The volume includes an index to facilitate reference use."--

Explains copyright law as it pertains to library use of the Internet, the issues that the Internet brings, and the responsibility of librarians to resolve those issues.

Provides a steadfast review for the dental assisting student preparing for course review, local or state exams, or national certification. Three comprehensive tests are included in the format, all common to national exams for dental assistants. Tests are divided into the following categories: General Chairside (360 questions total/120 questions per test); Radiation Health and Safety (300 questions total/100 questions per test); Infection Control (300 questions total/100 questions per test). For added convenience, each question is repeated in the answer key with the rationale for the correct choice so the results can be checked.-- From the preface.
