Quiz Answer Key
One way is to just try to come up with an expression that would describe the number of T-shirts, pens, and buttons Melinda has by the end of the convention, and see if that is equivalent to any of these expressions. Another way is you could look at the expressions and see which of these makes sense. So actually let's just do it both ways.

Creating expressions and equations | Worked example (video ...

The expression $9 + 8$ represents a single number (17). This expression is a numerical expression, (also called an arithmetic expression). The expression $9 + x$ represents a value that can change. If x is 2,

Read Free Creating Expressions And Equations

then the expression $9 + x$ has a value of 11. If x is 6, then the expression has a value of 15. So $9 + x$ is an algebraic expression. In the next few examples, we will be working solely with ...
