It's no secret that the HESI A2 exam is difficult. In fact, most people take the exam not once, not twice but several times before they

subjects, including; reading comprehension, vocabulary, grammar, biology, chemistry, math, anatomy and physiology. In order to prepare for this exam, students would have to read and memorize over 5,000+

pages of information! And here's the worst part, 95% of that information is not relevant in the nursing field. Unfortunately, we don't have the ability to change the HESI A2 exam to be more practical but we do

# Read Book Free Hesi Test Bank

have the ability to help make your journey preparing for the exam easier. Keep reading below to find out how. Here at UGO Prep, we specialize in studying exam behaviors to a science. We've spent years evaluating

# Read Book Free Hesi Test Bank

the methods of the HESI A2 exam in order to create our study program. The HESI A2 exam is a standardized test. Which means that all test takers will answer the same questions, or a selection of questions from a common bank

of questions, in the same way. Our goal when we first started this journey was to create a test bank that closely resembled that of the official HESI A2 exam. Using experts in the field and our in house algorithm,

# Read Book Free Hesi Test Bank

we began searching for common characteristics amongst past and present HESI A2 exams. After countless months of research, we had accumulated a wealth of knowledge regarding each section of

the HESI A2 exam. We then took our findings and began formulating strategies on how to unlock high scores for each section. Finally, we created the official UGO Prep HESI A2 Exam Prep, otherwise known as the most

straight forward HESI A2 prep on the market. When we first released our Exam Prep to the public, we noticed a big improvement in the confidence level of people who used our material to prepare for their exam. We

# Read Book Free Hesi Test Bank

also noticed an increase in the scores of people who used our program when compared to people who used other programs. Most companies would stop there, BUT WE DIDN'T! We started on the long process of pouring

over data to find out where our study program fell short and where we can improve. We refined our study program to target those weak areas that most people struggle with every year on the exam. Shortly after, we tested our

program from beginning to end using people who wanted to achieve a high score on their HESI A2 exam. Men and women. Both young and old. Time and time again, people who used our test prep prepared faster and scored
