Homecare is a lot more flexible, offering different levels of care without long-term commitment. For example, you may just need help with everyday tasks whilst you are recovering from an illness. When you're feeling better you may not need the extra help.

Homecare help for elderly | Domiciliary care | Age UK

Nursing Home: Care is provided 24-hours a day by Registered Nurses who are supported by Care Assistants. All residents require some element of nursing care such as administration of intravenous medication and or wound care; these are just a few possible reasons why 24-hour nursing care would be required.

What is the difference between a Care Home & Nursing Home?

If you're eligible for NHS-funded nursing care, the NHS will arrange and fund nursing care provided by registered nurses employed by the care home. Services provided by a registered nurse can include planning, supervising and monitoring nursing and healthcare tasks, as well as direct nursing care.

NHS-funded nursing care - NHS

It can help you stay living independently in your own home. This type of care is known as homecare or domiciliary care or sometimes home help. Help at home from a paid carer costs around £20 an hour, but it varies according to where you live. Sometimes, the council will contribute to the cost. Homecare is very flexible.

help at home from a carer - NHS

Nursing in a care home. If you live in a nursing home, the NHS will sometimes pay towards your fees. With NHS-funded nursing care, the NHS pays a flat rate of £158.16 a week directly to the nursing home to reimburse them for the nursing care they're providing for you.

Social care and support you can get for free - NHS

Care home fees will vary depending on the area that you live in, the individual care home itself, plus your own personal financial circumstances. Costs average around £600 a week for a care home place and over £800 a week for a place in a nursing home.
