SAMHS WEEK IN LIMPOPO. South African Military Health Services week is an annual celebration of being a single Service of the South African Defence Force since 1979. The aim is to commemorate and honour all those SAMHS members that paid the ultimate price in service of our great nation and to pay tribute to those members that are every day deployed in hospital and sick bays, not only in South Africa , but also on our Continent. view picture.

SA COVID-19 site

The South African Military Health Service is the branch of the South African National Defence Force responsible for medical facilities and the training and deployment of all medical personnel within the force. Though unusual, as most national militaries integrate their medical structures into their existing service branches, the SANDF regards this structure as being the most efficient method of providing care and support to the SANDF's personnel.

South African Military Health Service - Wikipedia

The South African Medical Service (SAMS) was a branch of the South African Defence Force (SADF). In 1994 when the SADF was merged with various other military and armed resistance forces as part of the post- apartheid reforms the SAMS became the South African Military Health Service of the South African National Defence Force.
