Special Air Service (SAS) - VICTOR TWO. As outlined here, the SAS were deployed in strength during Desert Storm, 1991. A & D Squadron's Land Rover columns had driven north from Saudi Arabia into the Iraqi desert, in search of targets of opportunity. When Saddam started lobbing SCUD missiles at Israel, the SAS were re-tasked with destroying the missiles and associated infrastructure.

battlefields to stealthy operations at the dead of night.

With the outbreak of Gulf War hostilities a unit from 22 SAS slipped quietly over the border and into the enemy's backyard. It would be six weeks before any of the patrol again reached safety. Sabre Squadron recounts in graphic detail their scud-busting operations deep inside Iraq. They were operating alone and out of reach of reinforcements, with the threat of detection and its fatal consequences ever present. Yet their determination to wreak havoc behind enemy lines remained undimmed, culminating in an attack that decisively reconfirmed the regiment's awesome reputation. Cameron Spence, a senior NCO on the operation, takes you as close to the fighting SAS as you are ever likely to get, conveying the relentless tension, black humour and camaraderie punctuated by explosive, nerve-shredding action that characterized the mission. This is the true story of an SAS operation of breathtaking audacity and flair, carried out under unimaginable pressure, in the face of impossible odds. _____ 'A brilliantly authentic account of war with an SAS patrol, it's a fantastic read' - ANDY MCNAB, bestselling author of Bravo Two Zero 'Tense and at times terrifying... a well told action story' - SUNDAY TELEGRAPH 'A terrific read' - THE TIMES 'Blood, guts and military macho - as authentic as anything you are likely to read' - MAIL ON SUNDAY

Highly-trained and immensely skilled, the SAS are widely regarded as one of the best Special Forces units in the world. Their missions are uniquely diverse, ranging from counter-terrorist responses at home and abroad; counter-insurgency in collaboration with US Delta Force and other foreign Special Forces; mobile operations in support of conventional forces; targeting terrorist leaders and man-hunting war criminals, to 'direct action' raids. This book charts the changing organization and operational emphases

of the Regiment over the past 25 years; its individual deployments and operations, including those planned but aborted, joint missions with other British and foreign units. It sheds light on the SAS's involvement in the Troubles of Northern Ireland, their operations in Iraq, Afghanistan and the widespread use of the SAS in counter terrorism and counterinsurgency operations since 9/11.

Returning to Manchester, Rita and Yansis's young son Daniel goes missing and Rita faces a race against time to unmask the perpetrators - but this time she has her Special Task Force brother to help her. The third in The Riverhill Trilogy.

One squadron from Delta Force arrived in Saudi Arabia in early February 1991, as part of the Joint Special Operations Task Force (JSOTF). Whilst the British SAS through the tales of Bravo Two Zero and Victor Two, seemed to steal most of the headlines in 1991. Delta Force also played a vital role in hunting down and destroying the Scud missile threat in the Iraqi desert. In response to coalition air strikes against Iraqi forces in the 1991 Gulf War, Saddam Hussein ordered a series of SCUD missile strikes against Israel. These were of little military value, however, Saddam Husein realized the political impact. He knew Israel would want to enter the war to retaliate, which would have then dissolved the Arab coalition of countries aligned with the US against Saddam. The hunt for SCUD missiles was hard; due to the mobility of these launches. These mobile launches needed to be found fast and eradicated.

The exploits of the British Army's elite 22nd Special Air Service Regiment - the regiment of the SAS that forms part of the Regular army - are shrouded in mystery and myths abound about its members. But what is the truth behind the public facade of clinical professionalism? How has such a small regiment

Download Ebook Victor Two Inside Iraq The Crucial Sas Mission

attracted so many weighty legends? And what is the purpose of the SAS in the 21st century? "Special Force" provides an original and unusually critical overview of the activities of the SAS from the Malayan Emergency of 1950 to the present day. In the context of a detailed and often controversial analysis of the post-war activities of the Regiment, MacKenzie establishes that the Regiment's almost legendary professional competence is often not backed up by reality. Far from being part of a structured deployment of strategic military assets, MacKenzie argues that the use of the SAS in recent years has been primarily driven by the 'entrepreneurial' actions of a few SAS commanding officers. "Special Force" not only offers a revelatory history of the SAS in the modern period, it is also a disturbing expose of the truth behind the myth. It will be essential reading for anyone with an interest in the British military - past, present and future.

Here are thirty true and graphic accounts of the most heroic SAS and special-forces missions ever undertaken into the most dangerous place of all - behind enemy lines. Bang up to date, this unputdownable collection includes the most recent operations into Iraq in 2003, Afghanistan and Bosnia, and features the entire range of special forces from SAS, Commandos and Rangers to Navy SEALs and Paratroopers. Also included are several accounts that lift the veil - clandestine 'eyes-only' operations of ultimate danger, such as 1 SAS's attempted assassination of Rommel and 22 SAS's 'claret' raids into Indonesia in 1964. Each account is introduced by a mini-essay illustrating fascinating pieces of special-forces hardware, kit or training, such as SAS Evasion and Rescue training, the Accuracy International L96A1 sniper rifle and US Special Forces selection.

An SAS soldier explains the battle history of this prestigious military service, while teaching how you

Download Ebook Victor Two Inside Iraq The Crucial Sas Mission

can defend yourself in both hand-to-hand and military combat. Seventy years after its inception, the Special Air Service (SAS) is recognized by many as one of the most decorated military forces in the world. Their soldiers do battle on a daily basis, taking actions that are normally swift, very hard hitting, and extremely secretive. They will go—willingly—deep behind enemy lines, taking on incredible odds and risking their lives in the hope of rescuing others. In the SAS Combat Handbook, you will be informed on all aspects of SAS operations. With never-before-seen photographs of these heroes in action and untold stories of individual acts of bravery, you will be taught the key combat methods that have made this military group exactly what they are: elite. Included are training tips that will teach you about various military tactics, such as: The art of cover and remaining hidden behind enemy lines The keys to covert insertion and extraction operations Counterterrorism skills, including building entry, ambush, and sniping Fire battles on land, in the air, or at sea And so much more From the gathering of intelligence to undercover operations, the SAS is made up of two hundred men who are rigorously selected, highly trained, and ready to face what others fear. They know what it takes to get the job done, and no matter the situation, their combat skills are the best in the business.
